### Description

#### ENGINE DETAILS

The TwoStroke line includes the highest displacement engines in their horsepower classifications, plus they give outstanding power to weight ratios for best performance at all speeds.

- Looped Charged Induction - Loop charged induction maximizes the fuel/air for more complete combustion, which boosts power and fuel efficiency
- CD Ignition - Modular design that delivers high voltage spark for quick, sure starting and improved running quality.
- Through Prop Exhaust - Exhaust gases are routed down thru the drive unit and are allowed to exit through the propeller
- Stainless Steel Water Pump Housing - Stainless steel water pump housing instead of plastic to adapt to various water conditions.
