Hull Style		Hull Type	
Power Type		Stock Number	
Condition	New	State	New Zealand
Suburb	Whangarei	Engine Make	

Description

DESCRIPTION

- **Deploy-Assist Lever:** Get in and out of the water easily. Just depress the lever to deploy your trolling motor and when it's time to move, it stows easily and securely.
- **i-Pilot® GPS Trolling System:** The most-trusted GPS system in fishing. i-Pilot® uses GPS to control your trolling motor with incredible features that keep you on the fish. Set Spot-Locks, record paths, control speed and steering, and more. i-Pilot makes boat positioning and control automatic, and you can take command from its easy-to-read large LCD screen.
- **Spot-Lock:** Just press a button, and Spot-Lock will hold you in place with unparalleled GPS accuracy. Available on i-Pilot GPS systems, Spot-Lock gives you the power to stay right on top of any productive fishing spot automatically, without touching your trolling motor.
- **AutoPilot™:** Automatically navigate your boat in any direction you choose. Just point the head of your trolling motor in the direction you want to travel, activate AutoPilot™, and your trolling motor will keep you on that heading automatically, even correcting for wind, waves and current.
- **Push-to-Test Battery Meter:** Press a button to get an instant "stage of charge" reading.
- **Advanced Corrosion Protection:** Riptide® motor lower unit housings are grit-blasted, then coated in aluminum to prevent oxidization and rust. Then, a final layer of powder coat paint provides the ultimate protection.
- **Digital Maximizer™:** Provides up to 5 times longer run time on a single battery charge. These variable speed trolling motors let you dial in your exact speed, and they deliver only as much power as you need, helping to conserve your battery for a full day of fishing.
- **Weedless Wedge™ 2 Prop:** With swept-back flared blades to power through anything without battery-draining chopping and hacking, the Weedless Wedge™ 2 is one of the most trusted props in fishing.
- **Indestructible Composite Shaft — Guaranteed for Life:** At the core of your Minn Kota trolling motor is an indestructible composite shaft. It's a Minn Kota exclusive, and we guarantee it for life.
- **Mobile App Compatibility:** Control directly from your Apple® or Android™ device with our mobile app. You get quick command of speed, steering, Spot-Lock and Advanced AutoPilot — plus the ability to update i-Pilot software.
